Global MX-5 Cup Car Technical Service Bulletin #5-10.3-16

Fuel Pump out fitting & hose

EFFECTIVE May 16, 2016

Required purchase – additional feature

Purpose for this TSB:

A required homologated fuel pump out fitting, hose and switchable fuel pump relay will be made available to all customers via Mazda Competition Parts (1-800-435-2508) starting on May 16, 2016. Part number and pricing TBD.

Several competitors have asked for a fuel pump out fitting and hose so that fuel may be pumped out after a session or for technical inspection. A required fuel pump out kit (Tee fitting, hose, male and female fitting, collection hose and switchable fuel pump hose) will be available directly from Mazda starting on May 16, 2016.

Once we have completed assembling the kits, we will follow-up with a quick email, price and part number for you to order the required parts fuel pump out relay directly from Mazda Competition parts.
