

## Mazda MX-5 Cup Car Technical Service Bulletin #2022-12-21 #B

### Optional: Flis Performance Updated SADEV Heat Resistant Shift Knob

**This TSB describes:** To allow competitors to use the updated Flis Performance Heat Resistant Shift Knob as an alternative shifter from the original SADEV Shift Knob and the Flis Performance Extended Shift Knob. The updated Flis Performance Heat Resistant Shift Knob is designed for drivers' comfort and to assist with heat resistance.

This SADEV Original Shift Knob, Flis Performance Extended Shift Knob and the new Flis Performance Heat Resistant Shift Knob will be the only approved Mazda MX-5 Cup Series alternative Shift Knob's. The Shift Knobs may not be altered in any way.

**Orders for the Mazda MX-5 Cup Series will be priority and can be placed with Flis Performance. They will be available for delivery at the Mazda MX-5 Cup Daytona 2023 event.**

To place an order, please contact:
